Gakko

Summer Camp / 2019

**60 international students,
10 mentors,
2 weeks
Come make a one-of-a-kind summer.**

Japan
June 30-July 13

USA
July 22-August 4

Through 15 camps over 7 years, Gakko Camp has impacted over 500 individuals from more than 70 nations.

Every summer, Gakko brings a selected group of high school students from around the world together with 10 mentors who are industry experts, graduate and college students from top academic institutions.

Students will gain exposure to new disciplines, skills, and ways of thinking, collaborate on hands-on projects, and form supportive friendships with young people from every corner of the globe.

Together, we imagine and create the “ideal” learning environment. We work across cultural boundaries to make a camp that has never existed before, and will never exist this way again.

MARITIME SUMMER CAMP

— Ages 8-13 —

Experience the Best of the SF Waterfront by Land & by Sea!

Welcome to Maritime Summer Camp, where campers spend each day exploring the best the San Francisco waterfront has to offer—by land and by sea—every single day! Each day half the time is spent on the water learning to row and sail our fleet of small craft, and the other half is spent on a field trip to one of the many excellent adventurous and educational locations nearby. Campers explore the San Francisco Maritime National Historical Park and its majestic fleet of 100 year old ships, they visit the USS Pampanito (a WWII submarine) at historic Pier 45, they visit the Sea Lions and the Aquarium of the Bay at Pier 39, and more. It's surf and turf at its best!

Tall Ship Balclutha

Go aboard the 130 year old tall ship, built in 1886, to raise sail, set hawsers, take soundings, go aloft in the bosun's chair, and FEEL what it was like to be a sailor at the turn of the century!

Scow Schooner Alma

Spend a day on the SF bay on the scow schooner Alma, built in 1891 in Hunter's Point! Campers will set the sails as she makes her way out of the breakwater and will take turns steering the boat, learning how to navigate, looking out for wildlife and other boat traffic, and enjoying the summer sun on the water.

USS Pampanito

Take a tour of our WWII submarine, located in the heart of SF's famous Fisherman's Wharf. Go below decks and see where the submariners ate, slept, and manned this impressive underwater stealth machine. Learn the science that made her function!
